Chapter 67: Darking mission

森 恒 二

MORI KOUJI

WHAT
IF THEY
DON'T
COME?

WHEN WE
TAKE IT IN, AS
PER NORMAL
RULES, WE'LL
LEAD THE
CREW INTO THE
SHUTTLE, IF
POSSIBLE.

WE'LL ACTI-
VATE THAT
THING AT THE
MOMENT OF
DELIVERY.

HOWEVER,
THAT IS NOT
OUR TOP
PRIORITY.

THEY ARE
PRECIOUS
HUMAN RE-
SOURCEES.
IF WE CAN,
I WANT TO
SAVE THEM.

NO OB-
JECTIONS.

UNDER-
STOOD.

YES.
I HAVE
DRAWN UP

MORE
IMPORTANTLY,
I'LL LEAVE TO
YOU THE SE-

THEY

BY THE WAY,

AND BECAUSE
OF THAT, THIS

ROGER
THAT.

OKAY, WE
DO THIS IN
THREE MIN-
UTES! STEP
ON IT!

WHAT IS THIS...? I DON'T THINK I HAVE SEEN THIS UNIT BEFORE...

SORRY FOR BEING LATE.

YOU MUST BE IMPATIENT.

IS THE ENTIRE CREW HERE?

RIGHT NOW, THEY ARE ON THE OPPOSITE SIDE USING THE COMMUNICATIONS UNIT, PM...

YES, I HAVE TO TALK TO YOU ON THIS MATTER. WHAT ABOUT OUR VISITORS?

IT'S OKAY, THERE'S NOBODY.

E-HEY, WHAT—

NOTE: The implication is that the leaders of the ISS countries decided.

THIS THING IS QUITE POWERFUL. WE ARE ALSO USING THE SHUTTLE'S RO-BOMBING ARM TO PLACE ONE ON THE OUTSIDE.

IN THREE SECONDS, THERE WILL BE NO VESTIGE OF THIS PLACE.

YES, IT SHOULDN'T BE A PROBLEM THAT ESPER, THE SO-CALLED OOTSUKI, DIED FROM AN ORDINARY BOMBING RAID.

BUT, CAN YOU REALLY BRING THEM DOWN WITH THIS?

THIS WILL BE THE END OF THE ESPER REBELLION.

THEY WILL HAVE NO TIME TO LEAP AND WILL DIE ON THE SPOT.

IT'S IN GRAND STYLE, ISN'T IT? USING THE ISS TO KILL ONE PERSON?

ALRIGHT. WE'RE DEPARTING, RETURN TO THE SHUTTLE.

OK. ALL BOMBS HAVE BEEN PLANTED.

THE RESULT OF ANALYSING ALL THE AVAILABLE FOOTAGE IS THAT IT TAKES THEM ABOUT FIVE SECONDS TO DISAPPEAR.

THEY HAVE LEAPED TO THE ISS WITHOUT A SHUTTLE?

DO YOU REALLY THINK THEY WILL DIE FROM THE EXPLOSION?

THEY WILL DEFINITELY DIE BEFORE THEY CAN LEAP.

THIS EXPLOSION WILL REDUCE THE ISS TO RUIN IN ABOUT THREE SECONDS.

Felt font notes - read at your own peril!

For those who don't know, Felt font is the script used to compose this message.

Notes that explain concepts in the text and translation issues come in Trebuchet or another very legible font.

But I also like writing sarcastic notes and pure rants in this series. Some of them may be rude towards it. Don't read them if you don't like this kind of note.

Don't ask me to suppress the notes, please. Complain in comment sections if you want, but the notes stay. Full stop.

Redrawer needed for this!!

Just four chapters left. The next one is translated and the remaining ones are easy to do.

Well, to be honest, I'm not sure this is going to in chapter 71. I'm translating this as we release, so I haven't checked whether the series is on hiatus, or whether it got axed. I'm guessing the second, but I will only be sure when I translate chapter 71 and see what they announce in it.

In any case: our redrawer, Bala, is again overwhelmed in real life and is unable to work on this for the near future at least. We had to resort to our Head Redrawer, Mil, for the last redraw of this chapter, but Mil is already busy with his own projects and putting out fires in other series. Our other redrawers, æmiz and Green Demon, are also busy. The only reason this chapter came so quickly is that it had no redraws in it.

In other words, if no one volunteers to help us complete this, the next chapters will come out as slowly as this one, because I'll get the redraws done in a per-page basis by whoever happens to be a little free over a long course of time.

And it's not because I hate the series that we'll lower our quality standards. I'm still translating this seriously, so applicants will either have to take a test or show us samples of past work that convince us they can bypass the test. You don't need to do the full test, though, do the Destroy and Revolution folder in this link: <http://goo.gl/8ug1bw>

Whether this will be completed soon or not is now heavily dependent on applicants.

Redrawer still needed for Sprite!

I won't mince my words: **Sprite**, with its combination of hand art and CG, plus the use of photographs to generate backgrounds, is one the hardest series for redrawing. Only aces among aces can do it. It has few redraws per chapter, but most are double spreads that need to be joined and extremely hard and time-consuming. Essentially, if you can redraw **Sprite**, you can redraw anything in B&W that may be thrown at you.

We cannot accept anything less than someone who passes our full test, including the extra difficulty pages, with flying colours: <https://goo.gl/qfnsc6>

Incidentally, the whole of the next volume is translated and being proofed now. The next chapter is being typeset. So you can wait until you croak for new releases, unless someone applies.

We're on a transition phase, so we might have other editor positions open in the near future. If you'd like to clean or redraw with us, keep track of our recruitment ads because I'll soon have a position on that.

You can post your application(s) at our recruitment thread at Batoto, or PM me (Kendama at Batoto, Wraith at deathtollscans.net), or post it in our home page in the Join Us section. Whatever. If you have the skills, we're willing to abide by your conditions.

Help! We have really high redrawing standards and really hard series!

Are you interested in what happens next in *Sprite*? Better freeze your head and schedule to be awakened when the technology for that exists, 'cause Pok the redrawer has retired.

What about the next *Deathtopia* chapter? Well, we'll manage that one. And the one after that? HA! Do you believe in reincarnation? Mii the redrawer is going into a four-month break (at least).

That's it, ladies and gentlemen, it's redrawer crisis time at Death Toll again! Our team is reduced to IL/keTurtles (*Suicide Island* and *Destroy and Revolution*), Aemiz (*Ouroboros*) and Green Demon (*Ouroboros* cleaner, sometime redrawer).

The two series I listed as lacking redrawers go from easy (*Deathtopia* - biweekly releases, few redraws per chapter, no backlog) to infinity (*Sprite*, the hardest series out there for patterns, almost all composed of double spreads, sizeable backlog).

But you know that already. I have been recruiting redrawers with all my might for a while now, to no avail. So I won't rhapsodise over it again. Wait, I guess I will rhapsodise.

Frankly, we know our test is hard. Actually, for B&W I haven't heard of a harder one yet, though I'm sure there must be crazier people than we out there.

The upside is: I have never heard about former redrawers of ours applying to other groups (I suppose they retire in triumph or go crazy, or stick with us and have time for nothing else), but I wouldn't be surprised if telling other admins you have worked for Death Toll (and having proof of it) were reason enough for instant acceptance, no questions asked. If you have redrawn for us, you can redraw for anyone else (in B&W, at least).

So, if you want to polish your redrawing credentials, know what happens next in our series, prove we are suffering grandeur delusions about the prowess of our redrawing team, or just for the heck of it (seriously, I could care less what your reasons are at this juncture), take our tests and show us what you are made of:

For *Sprite*, do the full redrawing test, hard pages included: <https://goo.gl/qfnscl>

For *Deathtopia*, take our general test: <https://goo.gl/KIuYmE>

You can submit the application directly to me through a PM via the Death Toll home page (deathtollscans.net), Batoto (to kendama) or by posting it in the Join Us section in the home page. We normally answer applications quickly and will give you a thorough assessment in case of failure.

Experienced redrawers can try to bypass the tests by showing us a sample (in PSD format, preserving the raw layers) of past redraws they are proud of. Try to choose redraws of art similar to the one you want to work on (patterns for *Sprite*, complex line art for *D&R* etc.) We are not easily impressed and reserve the right to ask for more samples or insist you take a test.

Experienced redrawers can also ask to try their skill directly on an unredrawn page of the series they are interested on (if you are the kind who feels demotivated to work on something someone redrew before). Inexperienced ones... well, I'll let you try if I feel confidence from you, but it's more likely I'll insist you take at least a partial test. On either case, if the page is not redrawn adequately, it won't be used, full stop. Don't complain about wasted time later.

If no one applies, we might either put the series in the back burner, or send quality to the dogs and release chapters unredrawn.

Redrawer needed for Sprite!

I won't mince my words: **Sprite**, with its combination of hand art and CG, plus the use of photographs to generate backgrounds, is one the hardest series for redrawing. We can also make an exception and let you bypass the test if you are experienced and show us sample PSDs (retaining the unredrawn layers) of your past work. However, that will only cut it if those samples are nothing short of extraordinary. If our jaws don't drop, we'll ask you to take the test.

It took us months to recruit the previous redrawer, so don't expect new releases of this series for a while, unless we're very lucky.

Redrawer needed for Sprite!

I won't mince my words: **Sprite**, with its combination of hand art and CG, plus the use of photographs to generate backgrounds, is one the hardest series for redrawing. Only aces among aces can do it. It has few redraws per chapter, but most are double spreads that need to be joined and extremely hard and time-consuming. Essentially, if you can redraw **Sprite**, you can redraw anything in B&W that may be thrown at you.

We cannot accept anything less than someone who passes our full test, including the extra difficulty pages, with flying colours: <https://goo.gl/qfns06>

(You can post your application in our home page in the Join Us section - deathtollscans.net - or PM me there or in Batoto (where my name is Kendama). Whatever. If you have the skills, we're willing to abide by your conditions.)

We can also make an exception and let you bypass the test if you are experienced and show us sample PSDs (retaining the unredrawn layers) of your past work. However, that will only cut it if those samples are nothing short of extraordinary. If our jaws don't drop, we'll ask you to take the test.

It took us months to recruit the previous redrawer, so don't expect new releases of this series for a while, unless we're very lucky.

B.

TARGET
B.

TARGET B
MANAGED
TO ESCAPE
IN THE END,
BUT...

WE HAVE
BEEN ABLE
TO SHOOT
ALL TARGETS
VIRTUALLY
WITHOUT
RESISTANCE.

AREN'T
THEY JUST
AVERAGE
HUMAN
BEINGS...?!

I CAN'T
BELIEVE THIS...
THAT YOU'D BE
ABLE TO SEND
ENGINERS
DOWN THIS
EASILY..

It's not the power of people, fool

WHEN THEY DON'T
ACTIVATE THEIR
POWER, THEY ARE
COMPLETELY
INDISTINGUISHABLE
FROM ORDINARY

IT'S A

YOU

IT'S ONLY
WHEN THEY
ACTIVATE
ONENESS THAT
THEY BECOME
SO!!

THEY ARE NOT
NORMALLY

REAL,
WE CAN
PUT IT
LIKE THAT,
AND
RECORD

IS THAT
WHAT YOU
ARE
SAVING...

I SEE... THE
KEY POINT IS
THAT IF HE REINS
THEM DOWN
BEFORE THEIR
BODY BECOMES
ENVELOPED IN
LIGHT...

ACTUALLY,
TARGET B WAS
LATE ESCAPING,
AND WAS SHOT
DOWN.

UPON ACTIVATING
OWNERS, THERE'S
STILL THE LEAVING
STEP ITSELF... IN
OTHER WORDS, IF
THEY DON'T ESCAPE
INTO INTERSPACE,
WE CAN TAKE THEM
DOWN.

AS FOR THE
"SWOOP",
GOTSUKI, WE
WERE UNABLE TO
TAKE HIM DOWN
EVEN AFTER
BULLETS HAD
PENETRATED HIS
WHOLE BODY.

HOWEVER,
TARGET A...
YOUR, AS WELL
AS TARGET B, THE
TWO THAT WERE
HIGH TEENAGE IN
AGE WERE
UNSCATHED EVEN
AFTER A BOMB
BLAST.

I'M
SURE
YOU
UNDER-
STAND.

YES.

AT ANY
RATE...

DO WE
HAVE
TO DO
IT?

!

AFTER ALL,
THE TARGET
IS YUKI.

IF WE
DON'T STOP
HIM, THERE
WILL BE NO
END...

WE WISH
YOU TO FIND
YUKI'S
LOCATION!

• Trans Air Base

Makoto, the strategy got. We should make a split-off if I get too
stressed for every time he has worry for doing or not doing something.

THEN,
LET'S
BEGIN...

HE WAS SHOWING
RESISTANCE UNTIL
JUST NOW, BUT...
IT'S PROGRESSING.

HOW'S IT
GOING?

AH...
IWAKI-
SAN!

CLUE: Well, just guess? There should be a photo of his in the entry for "testimony" in the dictionary!

THAT'S
BECAUSE WE
CAN'T DO
ANYTHING ABOUT
THEIR WISDOM'S

RIGHT?

THE AMERICANS

Redrawer needed for Sprite!

I won't mince my words: **Sprite**, with its combination of hand art and CG, plus the use of photographs to generate backgrounds, is one the hardest series for redrawing. Only aces among aces can do it. It has few redraws per chapter, but most are double spreads that need to be joined and extremely hard and time-consuming. Essentially, if you can redraw **Sprite**, you can redraw anything in B&W that may be thrown at you.

We cannot accept anything less than someone who passes our full test, including the extra difficulty pages, with flying colours: <https://goo.gl/qfns06>

(You can post your application in our home page in the Join Us section - deathtollscans.net - or PM me there or in Batoto (where my name is Kendama). Whatever. If you have the skills, we're willing to abide by your conditions.)

We can also make an exception and let you bypass the test if you are experienced and show us sample PSDs (retaining the unredrawn layers) of your past work. However, that will only cut it if those samples are nothing short of extraordinary. If our jaws don't drop, we'll ask you to take the test.

It took us months to recruit the previous redrawer, so don't expect new releases of this series for a while, unless we're very lucky.

Redrawer needed for The moon is beautiful tonight, but first, die!

This series doesn't normally appear in our release in the site because it wasn't a joint until recently. I had agreed to translate it for our good friends in Silent Sky, and the Death Toll name would be merely pegged to mine in the credits. If we don't find a redrawer for it and they do, that's how things are going to be.

Because right now, a redrawer or more are badly needed. The moon is beautiful... is among the harder series, and we're doing SFX for this one (though not all of them, of course). The workload is high, too, there are many redraws per chapter, some of which are very complex. And there's a backlog of five chapters, soon to be six. All are translated and proofed.

Silent Sky's Everath tells me they might have found someone who can do the easier redraws, which leaves us the harder ones. This means you will have to take our full test: <https://goo.gl/qfmsc6> .

If you are experienced, I'm sorry, but I'm dumping the policy of letting applicants bypass the test just by submitting past samples. I've grown to believe, based in recent experiences, that being willing to do some kind of test proves a desirable mindset. But we can compromise by letting experienced applicants, instead of a standard test, redraw a chapter on probation. However, if you do choose this route, know that your redraws will not be automatically used unless they are found to be good. We will discard your work if we consider it lacking. It's high risk - having a full chapter discarded - high gain - being allowed to work on something that may actually be used. Your choice. Ah, the chapter may be un-typeset.

Redrawer still needed for Sprite!

I won't mince my words: *Sprite*, with its combination of hand art and CG, plus the use of photographs to generate backgrounds, is one the hardest series for redrawing. We cannot accept anything less than someone who passes our full test, including the extra difficulty pages, with flying colours: <https://goo.gl/qfmsc6> .

Incidentally, the whole of the next volume is translated and being proofed now. The next chapter is being typeset. So you can wait until you croak for new releases, unless someone applies.

You can post your application(s) at our recruitment thread at Batoto, or PM me (Kendama at Batoto, Wraith at deathtollscans.net), or post it in our home page in the Join Us section. Whatever. If you have the skills, we're willing to abide by your conditions.

Final thoughts on the series

I was thinking of composing an absurdist panel or something, but it's late in the night and I am tired.

This time, there are only a couple of Felt form notes, this chapter left us too nonplussed to even say much.

Well, it's over. It's the first manga I work on that has reached completion. Though the story devolved into nonsense, I still feel a little bit nostalgic now we're wrapping up.

I became a scanlator because of D&R. Some of my mannerisms were informed by my work on this series, like long explanatory notes, margin commentary, and the habit of posting teaser scripts in Batox. My nickname in scanlation, Wrath, was chosen in a rush when Mr. Schizophoenix asked me to register in Death Toll to offer me a translation stint. Now I call Death Toll my scanlation home.

So all in all, I am happy that I translated this to the end. The feeling of closure is something I want to have with my other series, like Ouroboros.

Well... guess I have developed another strange habit translating D&R: a weird taste for translating something I grow to hate just out of spite. Now I think I need to find something else I hate... and butcher it in the margins!

See you around... or not.

Wrath

But we can compromise by letting experienced applicants, instead of a standard test, redraw a chapter on probation. However, if you do choose this route, know that your redraws will not be automatically used unless they are found to be good. We will discard your work if we consider it lacking. It's high risk - having a full chapter discarded - high gain - being allowed to work on something that may actually be used. Your choice. Ah, the chapter may be un-typeset.

Redrawer still needed for Sprite!

I won't mince my words: *Sprite*, with its combination of hand art and CG, plus the use of photographs to generate backgrounds, is one the hardest series for redrawing. Only aces among aces can do it. It has few redraws per chapter, but most are double spreads that need to be joined and extremely hard and time-consuming. Essentially, if you can redraw *Sprite*, you can redraw anything in B&W that may be thrown at you.

We cannot accept anything less than someone who passes our full test, including the extra difficulty pages, with flying colours: <https://goo.gl/qfmsc6> .

Incidentally, the whole of the next volume is translated and being proofed now. The next chapter is being typeset. So you can wait until you croak for new releases, unless someone applies.

You can post your application(s) at our recruitment thread at Batoto, or PM me (Kendama at Batoto, Wraith at deathtollscans.net), or post it in our home page in the Join Us section. Whatever. If you have the skills, we're willing to abide by your conditions.
